## WHAT AM I DOING?

**A MURAL! (wall painting) on the wall facing the library garden. I am inviting local people to contribute their creative input to ask the question; "what should I include in the mural?"**

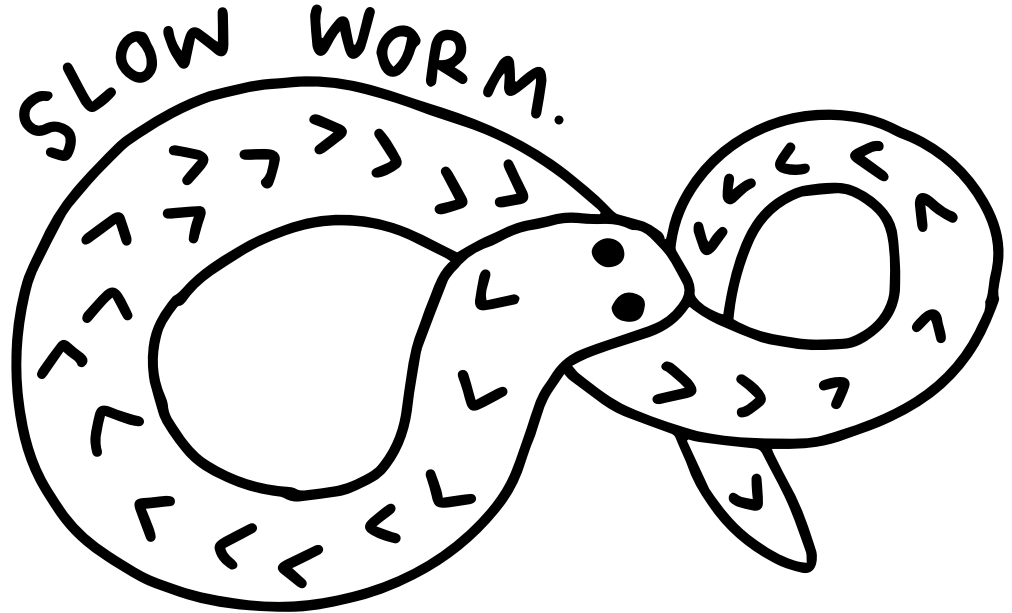

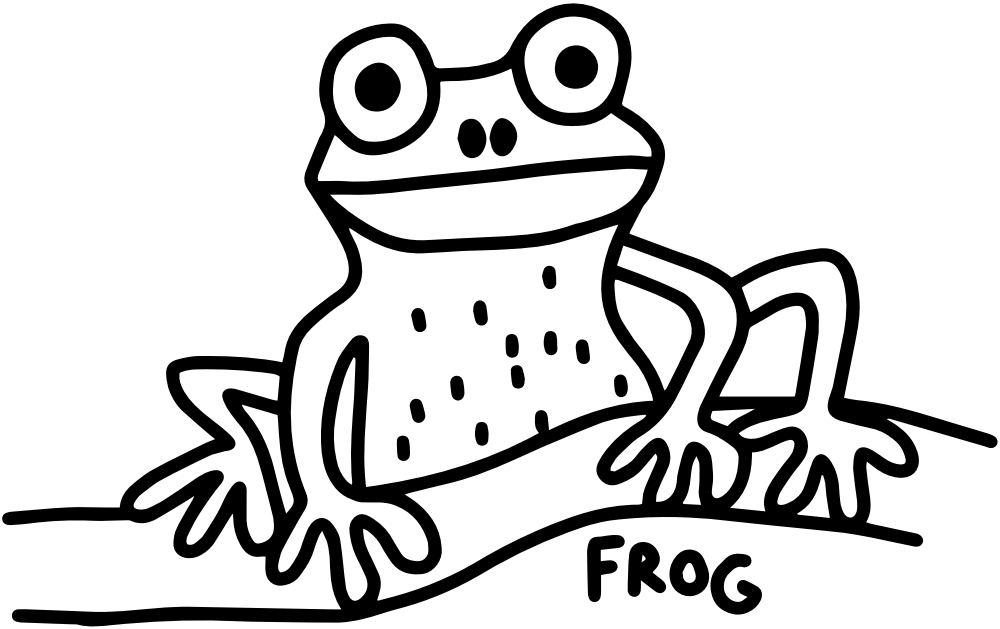

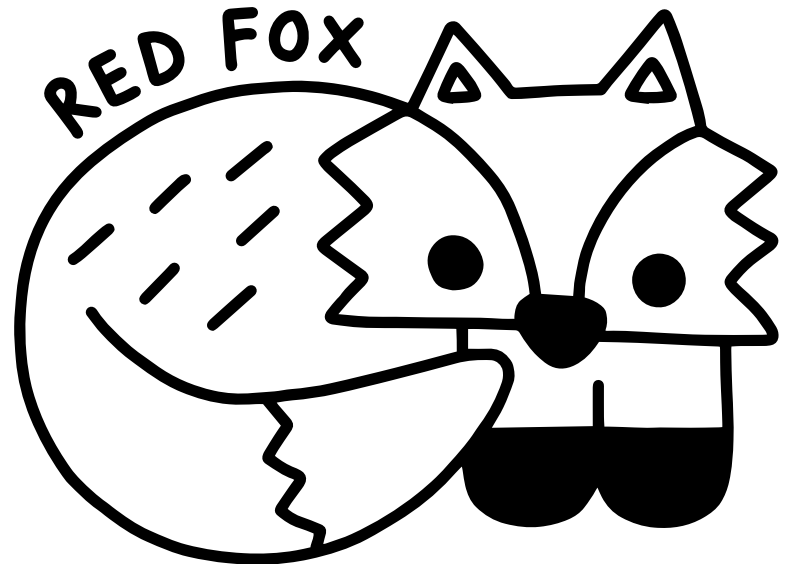

## WHY AM I DOING IT?

- **Brighten up the place!**
- **Improve the local area.**
- **Give people an opportunity to give their input and be creative in the process!**
- **Evoke a sense of pride in the area.**

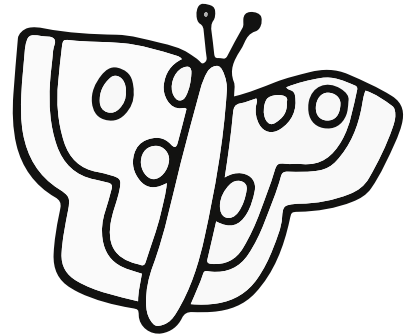

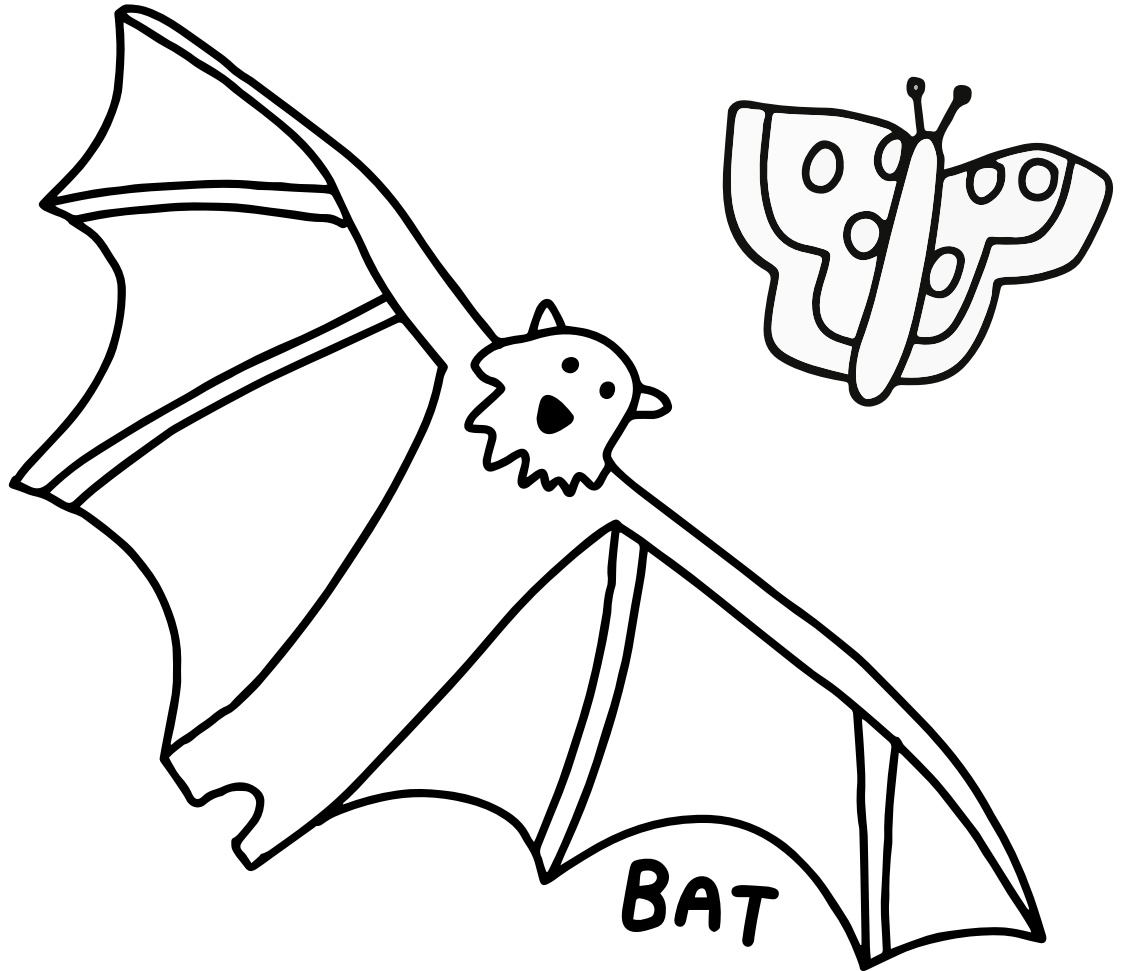

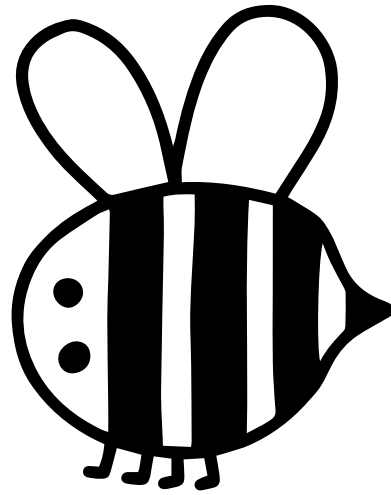

## INSPIRATION?

**I have drawn some local wildlife and features to get the inspiration flowing, can you think of anything else that you would like to see in the mural?**
